

PHOTONIC INTEGRATION WEEK
Where the players of the PIC ecosystem meet

COLLABORATION DOSSIER
PHOTONIC INTEGRATION WEEK - PIW 2024
4-6 March 2024 – Valencia, Spain

EVENT PRESENTATION

Once again stakeholders of the photonics eco-system will meet in Valencia in the sixth edition of the Photonic Integration Week, a three-day event combining keynote presentations, commercial exhibit and time for discussions and networking.

This edition aims to highlight the boom of semiconductors at large, and in particular related to photonics. As in previous editions, we will focus on new spin-offs in the field of photonics, as well as strategic companies which employ or may employ integrated photonics in a near-mid future. The selected speakers represent different areas of photonic integration, from technology and applications.

More information: <https://piw.webs.upv.es/>

LOCAL ORGANIZING COMMITTEE

Prof. Pascual Muñoz Muñoz, Instituto de Telecomunicaciones y Aplicaciones Multimedia (iTEAM) de la UPV.
